A VOICE

From the Executive Mansion.

Mr. A. K. HAWKES—Dear Sir: The pair of glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully,
JOHN B. GORDON,
Governor of Georgia.

BIG STRIKE AVERTED

The London Stokers Will Not Quit Work.

THEIR DEMANDS MODIFIED.

The Determined Resistance on the Part of the Company and the Calling Out of the Military Had a Great Deal to Do in Their Sudden Change of Mind—Various Other Foreign News.

LONDON, Oct. 4.—It is thought now that the strike of stokers at the London gaslight and coke works, which was threatened as a result of the gas workers' union demanding the discharge of non-union men from the company's service has been averted.

The stokers deny that they ever intended to strike, but there is reason to believe that they were making preparations to attempt an enforcement of their demand, and were led to adopt a different view of the situation only when they saw the determined action taken by the company in establishing board and lodging houses in side the works for non-union men and inducing the authorities to order the military under arms.

These formidable preparations to fight in case of a strike overpowered the men and if they quit work at all they will probably select some other time, when they can catch the company unawares. There is some talk of the company's forcing the issue now, however, and forcing its employees to renounce the union or leave its service.

This Has a Serious Aspect.

CONSTANTINOPLE, Oct. 4.—A high Russian official, whose post is on the Armenian frontier, recently warned the Calmuck of Alashgerd that Armenians from that place were gathering within the Russian frontier line and intended to make a night attack upon the Turkish troops at Alashgerd, consisting of a battalion of infantry and a squadron of cavalry. The governor of Erzeroum, being apprised of the fact, ordered reinforcements from Erzingram, Kharput and Dearbeker. The troops proceeded by forced marches as far as Bayazid. A party of Armenians had already crossed the frontier, but, having failed to surprise the Alashgerd garrison, and learning of the approach of the Turkish reinforcements, they abandoned the attack and retired across the line.

Foreign Items.

The Lambeth police court has postponed its decision in the Slavin-McAuliffe case for one week.

The Prince of Wales is about to visit Count Festetics in Hungary, and later will be the guest of Baron Hirsch at St. Johann.

Baron Gaston Crombeen has been arrested for murdering his mother at his chateau near Rooborst, Belgium. He is supposed to be insane.

The Vatican intends to appoint as nuncio to Peking, Fedele Porro, a descendant of the Counts of Pollenza, about whose title there is a dispute with the Prince of Naples.

The Berlin Volksblatt complains that the telegraph authorities refused to forward to their destination telegrams of congratulation from the Danish Socialists to their German brethren.

The czar will assist at the opening of the Russian church in Constantinople, erected to the memory of the Russian soldiers who fell in the late war. The announcement causes a sensation in the Turkish capital.

Under police regulations, the Socialists who are taking advantage of the expiration of the anti-Socialist law to return to Germany, are compelled to show papers from the authorities at their last domicile, giving them a clean record.

The government of Moravia has dissolved the workmen's clubs in various towns and has seized their papers. The reason given for this action is that the clubs had been made centers of Socialistic propaganda, thus violating the conditions of their charters.

ANOTHER MIND READER.

Johnstone Has a Rival in the Person of D. Edgar Kern.

PHILADELPHIA, Oct. 4.—Johnstone, the great Chicago mind reader, has a rival in Camden in the person of Mr. D. Edgar Kern, a young man who recently discovered that he possesses the mysterious faculty to a really wonderful extent. Mr. Kern, a rather slight built young man, is the organist of the First Presbyterian church of this city. He has given several private exhibitions of his ability as a mind reader; but his first public exhibition was given in Morgan's hall, Camden, last evening.

Three or four physicians and medical students from the University of Pennsylvania hearing of the proposed exhibition, went to Camden to investigate and they returned satisfied if not surprised at what they had seen.

Mr. Kern repeated all of the acts that he or any of the spectators had seen, and did them quickly and accurately. The mere tips of the fingers of the subjects' hands were touched by the operator in his performances. Probably the most difficult of the acts performed was the finding of a handkerchief in which a dozen articles offered by persons in the hall had been placed, and then the return to the exact spot from which each article had been taken. Mr. Kern was blindfolded during all of the tests.

The Comte Has Come.

NEW YORK, Oct. 4.—The Comte de Paris, the Duc d'Orleans, the Duke d'Uzes, the Marquis d'Lasteyrie, the Comte d'Haussonville, with Col. Le Parseval, Capt. Moorhain, and Dr. Reclamier, comprising the suite of the comte, arrived here yesterday on the steamship Germanic. The visit of the party to this country is purely one of pleasure.

AFFAIRS IN VENEZUELA.

A Revolution Greatly Feared and Steps Being Taken to Prevent It.

CARACAS, Oct. 4.—Clamors rise on all sides for the removal of Senor Don S. Casanas, the present secretary of state for foreign affairs of Venezuela. It is stated that Senor Casanas, seeing the deplorable state in which the boundary question was between Great Britain and Venezuela, respecting the British claims to the territory at the mouth of the Orinoco river, sent secretly Dr. Pulido as plenipotentiary to England.

Dr. Pulido's mission was to enter into a secret understanding between the two countries. Ex-President Guzman Blanco was cabled to in Paris, and requested to aid Dr. Pulido in his mission, but he refused.

The Crespo and Guzman Blanco elements have joined hands against President Palazao's policy, and the president is being urged to convene congress in extra session in December, which is two months before the time for the regular session. A revolution is greatly feared, and steps are being taken to prevent any outbreak. Guzman Blanco is fast regaining his lost prestige.

The president has been asked to remove the present Venezuelan minister to the United States, Gen. Nicanor Belet Peraza, as that gentleman, in a Spanish monthly paper owned and published by him in New York, lately published a map of Venezuela wherein the disputed Guiana territory is given as belonging to Great Britain. The president has so far consented to this step that he has sent the name of Dr. Villavicencio, the present consul of Venezuela in New York, to the permanent committee of congress for its approval and substitute for Gen. Peraza.

A proclamation has just been issued by President Palazao in which he says that he intends to submit to an extra session of congress a bill for the free and unlimited coinage of silver in the republic. Part of the proposed bill is based on the silver measure recently passed in the United States.

The river Orinoco has recently risen and flooded much land. In the town of Cuidad Bolivar 350 houses have been washed down, and upward of 2,000 persons made homeless.

TRAIN ROBBERS CAUGHT.

Two of Them Locked Up in the Bellefontaine Jail.

CINCINNATI, Oct. 4.—Manager Wier, of the Adams Express company, received a telegram Friday morning announcing the capture of two of the train robbers on the Cincinnati, Sandusky and Cleveland railway at Bellefontaine.

One of the men has confessed, and intimates his willingness to turn state's evidence.

The third party implicated in the "job" is still at liberty, and has in his possession \$600 of the booty.

Detectives are on his track, and he will probably soon be run down.

Said he: "It is impossible to say just how much money was taken until the way bills are all checked up, but I hardly think the loss will exceed \$1,000. There may have been some diamonds and jewelry in the safe, but on account of the way-bills being destroyed it will not be known to a certainty until we can hear from the officers along the line of that road. Reports are coming in and nothing definite will be known until we can make a recapitulation."

Reliable News Unattainable.

BELLEFONTAINE, O., Oct. 4.—The topic of interest here is the express robbery. Information of a reliable character is absolutely unattainable. Messenger Scudder barely gave the alarm here, being so completely overcome with fright that he failed to impress upon those at the depot the condition of affairs.

THE NAVASSA RIOTERS.

They Will Probably Pay the Death Penalty on the Gallows.

BALTIMORE, Oct. 4.—The present condition of the cases of the Navassa rioters who are under sentence of death in this city, is such as to strongly indicate that they will pay the penalty of their crime upon the gallows, despite the efforts which were put forth to bring them before the supreme court of the United States. George S. Key, who murdered James Mahan; Henry Jones, who battered the brains out of Thomas N. Foster; and Edward Smith, who brutally killed Samuel March, are in jail under sentence of death. On Feb. 20, the three men were condemned to be hanged on March 28. On the same day fourteen others were sent to the Albany penitentiary for long terms, while others were sent to the house of correction.

An appeal resulted in a postponement until Oct. 13. No brief has either been prepared or filed by counsel for the prisoners, although the rules require that the brief shall be filed at least six days before the hearing. It is a matter of impossibility to get it prepared in time, so counsel say. The reason for this inactivity on the part of counsel for the prisoners is stated to be lack of funds. It is not thought that the court will countenance a further postponement of the case and therefore the three men who are under sentence of death must make up their minds to die.

Sold His Dead Wife's Body.

ST. LOUIS, Oct. 4.—The Chronicle's Little Rock, Ark., special says: Alexander Fraizer, a noted colored preacher was in police court yesterday morning charged with drunkenness. The testimony gave a sensational color to the case. It being shown that Fraizer's wife had recently died in child birth, that he had sold the body of the infant. The purchasers who are presumably medical students, went to Fraizer's house and dissected the body of the woman, leaving pieces of the remains scattered all over the room. Warrants have been issued for all the parties implicated.

REVIEW OF BUSINESS

Dun's Report on the Condition of Trade.

BRILLIANT PROSPECT AHEAD.

An Easy Money Market and Increased Business Reported From all the Leading Trade Centers—Large Payments of the Public Debt Has Greatly Increased the Circulation.

NEW YORK, Oct. 4.—R. G. Dun & Company's weekly review of trade says: Never before has there been in any month so great an increase in the circulation or so large a payment of public debt as in the month just closed. The aggregate circulation is now \$1,488,072,709, having increased \$62,009,767 in September. Money markets in all parts of the country have returned to greater ease. Domestic trade is improving in all directions, and at least for the time there is also improvement in exports, which now show for the past month a gain of 7 per cent. over last year at New York. Conditions also favor abroad, and the Bank of England has declined to raise its rate.

Of the magnitude of domestic trade, it appears that actual payments through clearing houses outside New York were in September 16 1/2 per cent. greater than last year. This is partly due to higher prices, for the general average of commodities has risen 1 per cent. during the past week. At Chicago cattle receipts in September were the largest ever known for that month. Receipts and exports of cotton both were much above last year's. Memphis circulars state that 804 reports show an increase of twelve pounds per acre over last year in the yield, though continued rains cause a gloomy feeling at present. The sales of wool at Boston exceeded 7,000,000 pounds last week. Sales of iron ore at Cleveland thus far this year are 8,500,000 tons, exceeding last year's to date by one-third.

Boston notes healthy and encouraging trade in New England. Philadelphia reports more confidence and much improvement in wool. Chicago notes besides heavy receipts of grain, meats and cattle, a larger trade in dry goods than last year. St. Louis notes unusual activity in all lines. Cincinnati reports very liberal orders for clothing and a good trade in tobacco. Milwaukee notes very good trade. At Savannah trade is very brisk, at St. Paul and Minneapolis, Omaha, Denver and Kansas City it is very good, at Detroit better than last year, and at Pittsburg large in volume.

The iron market is singularly sustained in spite of unprecedented production by the unprecedented demand for plates, bar, sheet, and structural iron and wrought pipe. Lake copper is firmly held at seventeen cents and lead is strong at five and thirty-seven hundredths cents. Cotton and coffee have been unchanged in price.

The details given show that in all parts of the country, and in all important branches of business, there is phenomenal activity.

The business failures occurring throughout the country the past seven days number for the United States 166 and for Canada 31, or a total of 197, as compared with a total of 219 last week and 190 the week previous to the last. For the corresponding week of last year the figures were 206, representing 172 failures in the United States and 34 in the Dominion of Canada.

CONGRESSIONAL STRUGGLE ENDED.

John H. Wilson Nominated for Congress in the Eleventh Kentucky District.

LONDON, Ky., Oct. 4.—The most remarkable congressional convention ever held in Kentucky has been in session three days in the Eleventh district. The district is the only Republican one in the state and the consequence was bitter. There were five candidates and four of them were arrayed against the fifth, Frank Finley, the present representative.

The temporary organization was against Finley as was the permanent organization. It took two days and nights to get the convention organized. Thursday afternoon the first ballot was taken resulting as follows: Nell, 38 1/2; Adams, 27 1/2; Boring, 25 1/2; Wilson, 64, and Finley, 46 1/2. John H. Wilson is the present representative from the Tenth district.

With but very few changes balloting was continued until ninety-four ballots had been taken. At the close of the ninety-fifth ballot it was decided to drop the name of the candidate receiving the fewest number of votes after the 101st vote. The balloting proceeded without incident of importance until after the 101st ballot.

The 102d ballot then proceeded, but it soon appeared that Mr. Wilson was nominated. Mr. Hill, of Whitley county, moved that Wilson's nomination be made unanimous, which was carried with a whoop. He was then introduced, and in a happy little speech accepted the nomination. The convention then adjourned.

Excursion Train Jumped the Track.

EVANSVILLE, Ind., Oct. 4.—A special to The Courier from Hazleton, Ind., says: No. 1, the southbound train on the Evansville and Terre Haute road, had a narrow escape from a serious accident at White river bridge forty miles north of Evansville yesterday afternoon. The train was loaded with excursionists on their way home from Stinsons fair, and on striking the switch the front trucks on the second coach jumped the track breaking the truck and tearing up the switch, and the crowd of women were panic-stricken for a few moments, but no one was hurt.

Killed by Falling Slate.

OSKALOOSA, Iowa, Oct. 4.—J. P. Morris, aged 50, was killed by a fall of slate in the Excelsior mine near there yesterday evening.

PRESIDENT HARRISON'S TRIP.

A Number of Places to Be Visited During the Next Ten Days.

WASHINGTON, Oct. 4.—The itinerary of President Harrison's western trip has been decided on. The presidential party will leave Washington via the Chesapeake and Ohio railway on Monday morning, Oct. 6, arriving the next morning at Cincinnati, where the Ohio and Mississippi road will be taken for Danville, Ill., short stops being made at Vincennes and Terre Haute. At Danville the Indianapolis, Bloomington and Western road will be taken for Galesburg, where the party will arrive on Wednesday morning.

Wednesday the president will attend the reunion of his old brigade at Galesburg, and on Thursday will go to Ottumwa, Iowa, where the party will visit the coal palace exposition, leaving for Topeka Thursday night and arriving there the next morning. Most of Friday will be spent in Topeka, and in the afternoon the president will go to Kansas City, two hours' run from Topeka. The president will spend a few hours in Kansas City with his brother who resides there, and leave that night for St. Louis, reaching there Saturday morning. The party will leave St. Louis Saturday afternoon for Indianapolis where Sunday will be spent.

On Monday morning the party will leave Indianapolis at 6 o'clock and make brief stops at Anderson, Muncie, Winchester, Union City, Versailles, Sidney, Bellefontaine, Ind., and at Marion, Crestline, Mansfield, Massillon, Canton, O., arriving at Pittsburg 8:30 p. m., and at Washington early Tuesday morning, Oct. 14. The president will be accompanied by Secretaries Tracy and Rusk, Private Secretary Halford, Marshal Ramsdell and Capt. Meredith.

The president will travel the entire journey in an elegant hotel car, furnished by the Chesapeake & Ohio road, in charge of Charles E. Bishop, their general eastern passenger agent. Portions of the trip will be made by special trains, and other portions with the regular express trains.

EXCITEMENT AT A DEPOT.

Desperate Fight of a Divorced Couple Over Their Child.

ELKHART, Oct. 2.—Two years ago Mr. and Mrs. Edward Dalrymple were respected residents of this city, but trouble intervened, and she secured a divorce. She left the city taking with her a 7-year-old daughter, custody of which the court had granted her, and some time afterwards remarried. Last evening, while Lake Shore train No. 3 was standing here, the Dalrymples came together again, and for a time created much excitement for a large crowd of spectators.

A few weeks ago the little girl came here to visit former friends, and the father, taking possession of her, sent her to school. Yesterday afternoon the mother and older daughter arrived quietly, and getting the child away from the school, were just boarding No. 3 for the west, when Dalrymple, a policeman, and a city judge arrived on the double-quick, and the struggle for the child began at once, with Dalrymple on one side and his former wife and older daughter on the other.

It was a stubborn fight and a matter of muscle exclusively, but Dalrymple finally wrested the child away, and, with her clothes nearly torn off, threw her into a carriage and ran the horse into the country. The affair created great excitement, the woman screaming and the older daughter fainting on the depot floor, while the crowd did not know what to do.

LATEST FROM HONOLULU.

Advices Up to September 26 Brought by the Steamship Australia.

SAN FRANCISCO, Oct. 4.—The steamship Australia has just arrived from Honolulu bringing advices to Sept. 26. The house defeated the bill to subsidize a steamship line between San Diego, Cal., and Hiolo.

A well-known hotel keeper on the Islands, named Charles L. Arnold, died of aneurism of the heart on Sept. 24 at Honolulu. He was a native of Pennsylvania and a member of George DeLong Post No. 45, G. A. R.

On Sept. 20 the National reform organ contained an editorial referring to the cabinet entitled "They Had Better Go Out." Mr. Bush and Mr. Parker, members of the house, are understood to be leading the movement against the cabinet.

SENSATIONAL SUIT.

A Young Lady Asks a Doctor for Ten Thousand Dollars.

MOUNT VERNON, O., Oct. 4.—Miss Mary E. Scott, of Sparta, Morrow county, has begun a sensational breach of promise suit in the Knox county common pleas court, against Dr. Columbus D. Bonner, a young physician in practice in Liverton Center, Coshocton county, and places her damages at the sum sum of \$10,000.

Miss Scott claims Bonner courted her seven years and borrowed money to educate himself from her.

Suicide's Body Identified.

PHILADELPHIA, Oct. 4.—The identity of the man who jumped from the Camden ferryboat last Saturday, was settled yesterday by the finding of the body floating in the dock of Haggerty's wharf, Gloucester City, N. J. On the body were found papers which proved the man to be J. J. Coather, general Philadelphia agent for Lafey & Dubord, silk and veiling importers, of 416 Broome street, New York city.

Steamer on Fire.

NEW YORK, Oct. 4.—The Clyde line steamship Iroquois caught fire at her pier, No. 29 East river, at 12:40 this morning and was towed to Communipaw, where the fire boat was called. The steam was loaded with cotton. The extent of the damage is not known.

Let The Good Work Continue!

Never before did we start a season's business with such a rush as we have this Fall, and if the best goods for the least money will help to continue it, the rush will keep up at a lively gait. Our business for the past week has been simply immense.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, OCTOBER 4, 1890.

THE Constitutional convention has voted to give the Legislature the power to abolish counties. It has also decided that no new county shall be formed with a population less than 12,000, and that no county seat shall be changed unless two thirds of the voters of the county favor proposition.

THE Maysville Republican is making a good deal of fuss over a railroad pass. If the Kentucky Central authorities had known our neighbor was going to take it so hard, they no doubt would have overlooked the injustice of that original article after the managing editor assured them he was not responsible for its appearance in his paper.

"If there was ever a time when every Democrat should sink personal ambition for the good of the Democratic party, that time is now," said Congressman Roger Q. Mills in a speech a few days since. Happily, the Democrats of this district are now united where there were dissensions a few years ago. There is one thing we must all do, though, and that is, to go to work and get out a full vote for Paynter.

If the Republicans lose control of the House of Representatives in the approaching Congressional election, they will regard it as a popular condemnation of the course of that body at the session just closed. That is the reason they will use every effort to elect as many Representatives as possible. They will make a fight in this district. The Democrats can count on that, and we should go to work and see that the full strength of our party is polled for Tom Paynter.

HON. JOHN M. PATTISON, Democratic nominee for Congress in the district across the river, fired the first shot at the Republicans Thursday night. He opened at Waverly. Pattison is a good man and a strong one, as was shown in his race for State Senator last spring. He is solid with the masses, and if the Republicans over there and their Independent-Democratic-Republican-Union-Labor-Greenback-Anti-Prohibition nominee, Judge DeWitte Clinton Loudon, imagine they are going to have any picnic in the present fight, they are woefully mistaken.

THE Republican assures its readers that "the Republicans are attending to the navy," and adds: "If we ever have another war the water arm of the service will be efficient." Well, the G. O. P. had control of the navy for twenty-four long years and allowed it to run down to a few old rotten hulks that would hardly ride the ripples from a gentle Southern breeze.

In four years' time a Democrat, Hon. Wm. C. Whitney, Secretary of the Navy under President Cleveland, taught the Republicans what a war vessel ought to be and they are simply carrying out the good work he commenced. That's all.

"I CANNOT find words to express my regret at the passage of the measure (McKinley Tariff bill.) It is ruinous to our best interests, and it will do an infinite amount of harm. I second every word Mr. Blaine wrote in the matter. I cannot understand how public men can be so blind to the interests of the country at large to pass such a bill. It is the most terrible blow that has been struck at the Republican party during its existence."

That sounds like Democratic talk, doesn't it? This scathing denunciation of the McKinley bill was uttered Thursday by a Republican—ex-President R. B. Hayes. The people have to submit to this iniquitous measure, but they can express their indignation at the polls in November. And the indications are they intend doing that very thing. The next House of Representatives will be Democratic.

A Monument of Legislative Iniquity.

We have seen a good many strong denunciations of the McKinley bill, but the following goes ahead of them all.

"It is a monument of legislative iniquity," says the Courier-Journal, "a job from beginning to end, a robbery in every line."

"It is a violation of every conception of equality and justice."

"It is in defiance of every sound principle of political economy."

"It takes from him that hath not, all that he hath, and gives to him who hath more than he knows what to do with."

"It plunders the poor for the benefit of the rich, and robs the farmer that the manufacturer may roll in wealth."

"It takes the products of the Western producer and hands him over bound hand and foot to the Eastern plunderer."

"It sacrifices the South to the West, and then sacrifices the West to the East."

Vote against the party next month that foisted this iniquitous measure upon the people of the land.

Isn't it about time the new Democratic Executive Committee was perfecting an organization? There's work ahead. The Congressional contest is only a few weeks off.

We want to see every Democrat in this Congressional district go to the polls in November and vote in favor of "a government of the people, by the people and for the people." Every Democrat will take pride in doing so, and will help make Paynter's majority an overwhelming one.

THAT Republican wrangle down in the Eleventh Kentucky Congressional district isn't ended yet. John H. Wilson won the nomination yesterday, but Finley's words "I have been counted out" are significant, and indicate how he and his friends regard Wilson. The Finleyites have no doubt got a lot of "razzers" down in their boots for the Wilson gang.

A BIG CHECK.

Over Half a Million Dollars Drawn for Public Schools From the State Treasury.

A check for \$518,449 50, the largest that was ever drawn upon the State Treasury, was presented Thursday to pay the 40 per cent. draft for the salary of the common school teachers throughout the State. Washington County's draft was, by reason of a contest there for the office of County Superintendent, not included in the check. It will be drawn later when the contest is decided.

Add Washington County to the list, and twelve cities in the State that draw sums independently of the County Superintendents, and the amount for school purposes subject to an immediate draft upon the State Treasury now will aggregate more than \$625,000. And this sum, as stated, is only two-fifths of Kentucky's school fund this year.

The cities, as a rule, do not draw as rapidly and promptly as the counties, and by the time their drafts arrive at Frankfort the Treasury will have time to recover from the paralyzing shock given it Thursday. The Sheriffs are paying the revenue in, and, with the arrangements Governor Buckner, Treasurer Hale and the rest of the Sinking Fund Commissioners made with Frankfort banks, there is no likelihood of suspended payments at the State Treasury.

THE silver bill passed by the Republicans at the late session of Congress has sent the price of silverware way up. The advance to date amounts, we are reliably informed, to 40 per cent. That is, a purchase of silverware that would cost \$140 now you could have bought for \$100 before the bill was passed. And the price is still going higher.

That's the way the Republicans legislate for the masses. What do Reed, McKinley, Quay & Co. care for the people? They are running this Government now in the interest of the classes.

FLEXIBLE, DAINTY, HEALTHFUL.

Cork Sole Turned Shoes

Are as flexible and dainty as the finest turn, and are the easiest walking Shoe made, the cork acting as a cushion to the foot. The cork being secured in a pocket, thus forming a part of the Shoe, it is impossible for it to work loose or break up. They are also the most healthful Shoe, as CORK IS A NON-CONDUCTOR OF HEAT AND MOISTURE. It prevents the warmth of the bottom of the foot from radiating and escaping in cold weather, and in warm weather it prevents the heat from the pavements from penetrating the foot.

⌘LADIES needn't fear cold, hot, damp or rough walks. They are as flexible and dainty a Shoe as the lightest turned Shoe made. Come and see them; they are a thing of beauty and comfort. Come and see, also, the largest retail stock of Boots and Shoes in the State. Selling at 25 per cent. less than anybody else sells them.

Why, bless you, it wasn't a marker to the RUSH—we might say the perfect cyclone—of trade we have this week. DO YOU WANT TO KNOW WHY? It is because we have the greatest stock of Clothing in the State, and we sell them RIGHT.

GENTLEMEN, Do You Know That Our Imported Cheviot Suits Are the Most Popular Garments Out, And the talk of the County—we might almost say the State at large, for we receive orders for them from all over the State? By the way, if you have not seen them yet you must take a peep at our **ENGLISH TOP COATS**. You won't see them in any other house, and they are worth your attention. Mothers, don't overlook our Jersey Suits for the little toddlers. They are **BEAUTIES**.

ST. PATRICK'S PILLS give entire satisfaction. I have used them in my family. They are the best I ever used for the purpose.—Frank Cornelious, Purcell, Indian Territory. For sale by Power & Reynolds.

THE Flemingsburg Times-Democrat says a lot of Maysville sports dropped their money on that "phenomenal" Fleming County trotter at the Cincinnati races a few days since. They have been keeping it quiet.

DR. G. M. WILLIAMS has finished fitting up his dental parlors adjoining the BULLETIN office, and is now ready for business. He cordially invites his friends and former patrons and the public in general to call. Vitalized air given for the painless extraction of teeth.

THE washboard factory started at Ripley a year ago seems to be on the high road to prosperity. One order was received a few days since for 60,000 boards. "Tall oaks from little acorns grow," and this enterprise may grow to be Ripley's principal industry not many years hence.

THE firm of Linville & Bro., merchants and tobacco dealers of Mt. Olivet, made an assignment a few days since to Judge N. A. Tilton. The liabilities are said to be near \$12,000 with assets that will perhaps reach half that amount. The decline in the price of tobacco is the cause of the assignment, says the Advance.

MISS ANNA CLARKE has opened a dress-making establishment in rooms over Oberstein's china store on Market street, where she will be glad to have her friends and former patrons and the ladies generally, call. She has had an experience of five years at the business and for the past six months has been assistant forelady at Shillito's, Cincinnati.

At the Churches.

Rev. W. J. E. Cox will preach his first anniversary sermon as pastor of the Baptist Church to-morrow at 11 a. m. A full attendance of the membership of the church is earnestly desired. Preaching also at 7:30 p. m. All are invited to both services.

Rev. Thomas Hanford, pastor of the M. E. Church, will close his fourth year to-morrow. The conference meets next Wednesday at Barboursville. As this may be Mr. Hanford's last Sunday in a Maysville pastorate, all are cordially invited to be present. Services at the usual hours.

The first quarterly meeting at the M. E. Church, South, of the present conference year will be held to-morrow. Rev. John Reeves, Presiding Elder, will preach morning and night, at usual hours. All are invited to hear him. Mr. Reeves is regarded as one of the best preachers in the conference.

The Official Board of the Methodist Episcopal Church has passed resolutions asking conference to return Rev. Thomas Hanford to this charge another year. Mr. Hanford's four years' pastorate at this church has been a successful one, and the Board voices the wish of the congregation and the people generally in asking that he be returned.

SOME MINER MATTERS.

What gift has Providence bestowed on man,
That is as dear to him as his children? —Cicero.

Every father wants his children supplied with good, substantial Shoes. There must be something more than service, however. With the most solid leather Shoe made there should be style. By style we mean a fine appearance, good looks and nice fitting. The old copper-tip Shoes of years gone past were solid, but just imagine a child wearing them to day.

Our Little Red School House Shoes are made so nicely fitting, the patterns used are adjusted so accurately to the well prepared lasts, that every Shoe is a thing of beauty, and we guarantee every pair to be solid leather in all parts and capable of the greatest amount of service.

Do you want the best School Shoe in the land?

Then try a pair of Little Red School House and you will be more than pleased.

ANTI-LOTTERY LAW.

Instructions Sent Out to Postmasters.

OF INTEREST TO THE PUBLIC.

Provisions of the Act and the Kind of Mail Matter it Affects—The Term "Lottery" Defined—Other News Telegraphed From Washington.

WASHINGTON, Oct. 4.—The following instructions, embodying the construction placed upon the anti-lottery law by the postoffice department has been mailed to postmasters throughout the country:

"The law applies to any letter, ordinary or registered, if it concerns any lottery, gift concert, or scheme described in the section, and to lottery tickets, checks, drafts, bills, money, postal notes, or money orders for the purchase of lottery tickets, or any share or chance in a lottery or gift enterprise, and to the list of the drawings at all similar schemes, and for bids for delivery of mails.

"The seal of a letter, or of any sealed or packet prepared at letter rates, must not be disturbed for the purpose of ascertaining if its transmission in the mail, or its delivery at a postoffice, is forbidden by the provisions of this act. Nor will the mere suspicion that such letter or packet relates to a lottery, or the fact it is addressed to any person known to be engaged in the business of conducting a lottery, justify its detention or non-delivery, except that the delivered letters at office of destination shall be withheld when the postmaster general has issued specific orders, under the provisions of Section 3923, to that effect.

"Postal cards and circulars unsealed, and all other unsealed matter when suspected of having been deposited or mailed in violation of the provisions of the act for the purpose of ascertaining their character. The mailing of matter indicated by this act by citizens to lottery companies and their representatives is as clear a violation of the law as the mailing of such matter by lottery companies to their customers or other persons.

"When it is known at the time of depositing them for mailing that postal cards or circulars are unmailable under the provisions of Section 3894, the postmaster should decline to receive them. If they be found in a postoffice, and the sender is unknown to the postmaster, or if they be discovered in the mail in transit, they should be withdrawn and marked or stamped 'fraudulent' and sent to the postmaster general, accompanied by a special report from the postmaster explaining the reasons for their detention.

"The provisions of this act applies to letters, postal cards and circulars concerning lotteries or similar schemes that come in the mails for foreign countries, and such matter so received should be treated as if it originated in the United States. Matter sent in violation of the provision of Section 3894, discovered by postmasters at intermediate offices, should be withdrawn from the mail and disposed of in the same manner as if it had been discovered by the postmaster at the office of mailing or the office of delivery. But postmasters at intermediate offices should not delay the transmission of other mail in making special search for anything declared by this act to be unmailable.

"Newspapers, pamphlets and publications of all kinds, bearing date before or since the 15th day of September, 1890, at which date the act took effect, which contain the advertisement of any lottery, gift, enterprise, or similar scheme, or the whole or part of the list of prizes awarded at the drawings of lotteries or similar schemes, are, by the provisions of this act, denied carriage in the mails or delivery to subscribers, addressees, or to any other persons, or as 'sample copies.' Postmasters should refuse to receive them from publishers or to deliver them if by inadvertence they reach the office of destination. When found by postmasters in the mail in transit, they should be held until a report concerning them can be made to the postmaster general, and instructions received from him as to the disposing of them.

"Foreign newspapers, pamphlets and publications of all kinds containing printed matter forbidden by the provisions of this act, should be treated as if they were published in the United States.

"Clerks in the railway mail service discovering matter, the carrying of which is forbidden by the provisions of this act, should withdraw and forward it to their respective division superintendent. Division superintendents should treat such matter in the same manner as postmasters are herein instructed to treat it.

"The term 'lottery' as used in this act embraces all kinds of schemes, general or local, for the distribution of prizes by lot or scheme, such as gift exhibitions, concerts, raffles, or the drawing of prizes in money or property at fairs. Hence letters, postal cards and circulars concerning them, and newspapers, pamphlets and other publications containing advertisements of them are unmailable.

"The provisions of the law relating to registered letters and to money orders apply to such matters at offices of delivery only and are to be enforced upon the direct orders of the postmaster general."

Board of Naval Officers.

WASHINGTON, Oct. 4.—The secretary of the navy has appointed a board of naval officers consisting of Commodore Joseph Fyffe, Lieut. A. V. Wadham and Chief Engineer Addison to visit Boston and inspect all naval and mercantile vessels arriving there. A similar board is now in session in New York, the object of the inspection is to ascertain as nearly as possible the kinds of goods imported from countries and the latest improvements in naval methods and warfare.

Clarkson Will Go to China.

WASHINGTON, Oct. 4.—The Post publishes the statement that Ex-Fist Assistant Postmaster General Clarkson will go as United States minister to China after the congressional election.
